

## Back-Seat Bingo

Gazing out of the car window has never been so much fun. Back-Seat Bingo's a great car game that'll make time fly by.

### How it works

1. Give everyone a copy of the bingo card below and a pen or pencil (except the driver of course)
2. On the sheet you'll see a number of objects – it's up to you to try and spot them all from your seat
3. Everytime you spot an object you have to shout it out and tell everyone where it is, for example 'Tractor! Behind us!' (so you can't cheat!)
4. When everyone else has seen it too you can cross it off your sheet
5. The first person to cross off all the objects on their bingo card wins
6. You also get points for each object, so if you don't manage to finish a game you can add up your points to see who got the most. Then finish the game the next time you're in the car
