

Car POOL

If you're on a long motorway journey, here's a great way to entertain yourself from the back seat. It's just like a game of pool, except you're not potting balls, you're spotting cars. Just spot the right colours before the person sitting next to you, and you win. Watch out for the whites though!

How it works

1. Nominate someone as time keeper – you have 20 seconds for each go
2. Decide who's going to be red and who's going to be green
3. Using the score card below, take it in turns to have your go
4. If you're red, you have to spot as many red cars as you can during your go. Shout out when you spot them so everyone else can see them too
5. You have to spot seven reds or greens before you can spot the black
6. When your time is up, hand the score card over to the other player and they do the same
7. If anyone spots a white car during your go, you have to stop and hand over to the other player
8. The winner of each game is the first to pot the black
9. It's the best of five so repeat the game again until you have the overall Car Pool Champion
