

## STRAIGHT FACE

How long can you keep a straight face for when you can only answer everyone's questions with a silly phrase like 'big brown pants'? Let's find out! Just cut out the suggestions below and put them in a carrier bag, envelope or freezer bag before you set off in the car.

### How it works

1. Pick a person to be 'it'
2. If it's your turn, pick one of the Straight Face phrases that have been cut out
3. Now everyone has to take it in turns to ask you questions like:  
What's your favourite thing to eat?  
What do you wash your face with?  
What do you want for your birthday/ Christmas?  
Count how many questions you ask them as you go along
4. You can only answer with your silly phrase – but you mustn't laugh, or even break into a smile!
5. The winner is the one who answers the most questions before they smile or laugh
